

Material Safety Data Sheet

[NOHSC:2011 (2003)]

1. Identification of material and supplier

Product details

Trade name: **ECOWASH Ultra-Mild Hand & Body Wash**

Recommended use: Wash lotion, Hair & body shampoo

Manufacturer:

Calfarme (Singapore) Pte Ltd
 AMK Techlink
 20 Ang Mo Kio Industrial Park 2A #06-18
 Singapore 567761
 Republic of Singapore

Telephone: +65 6556 4111

Supplier:

Calfarme Australia Pty Ltd
 Unit 42
 55 Norman Street
 Peakhurst NSW2210
 Australia

Telephone: +61 (2) 9153 0677

E-mail address of the competent person responsible for the Safety Data Sheet: sales@calfarme.com.au

Emergency information:

Emergency Number: +61 (2) 9153 0677 (Monday - Friday 9am - 5pm Australian EST)
 As above or a Poisons Information Centre (Australia 13 1126; New Zealand 0800 764 766)

2. Hazards identification

Hazards Identification

NON HAZARDOUS SUBSTANCE.
 NON DANGEROUS GOODS.

Classification system

Hazard classification according to the criteria of NOHSC [NOHSC:1008(2004)].
 Dangerous goods classification according to the Australian Dangerous Goods Code.

3. Composition/information on ingredients

Chemical characterization

Description: Mixture of the substances listed below with nonhazardous additions.

| Components: | | | |
|--------------------|--|-------------|------------|
| CAS: 68891-38-3 | Linear(C12-C14)alkanol, ethoxylated, sulfated, sodium salt | Xi; R 36/38 | 2.5 - 10 % |
| CAS: 61790-63-4 | Coco fatty acid diethanolamide | Xi; R 36/38 | 2.5 - 10 % |
| CAS: 61789-40-0 | Cocoamidopropylbetaine | Xi; R 36-38 | < 2.5 % |

4. First aid measures

General information:

First aid is not generally required. If in doubt, contact a Poisons Information Centre(Phone 13 1126) or a doctor.

After inhalation:

Keep patient calm, remove to fresh air. Seek medical attention.

After Skin contact:

Seek medical advice if skin is contaminated by large quantities of chemical. Immediately remove all contaminated clothing and footwear. Wash the skin thoroughly with soap and water.

After eye contact:

Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Seek medical attention.

After swallowing:

If swallow, DO NOT induce vomiting. Keep at rest and give a glass of water. Seek medical attention.

Advice to Doctor

Treat according to symptoms

5. Fire fighting measures

Suitable extinguishing agents: Water fog or fine spray mist (large fires); foam, carbon dioxide, dry chemical powder.

For Safety reasons unsuitable extinguishing agents: None known

Special hazards caused by the material, its products of combustion or flue gases:

Nitrogen oxides (Nox)

Protective equipment: Wear Self-contained breathing apparatus. Wear full protective suit.

6. Accidental release measures

Person-related safety precautions:

Ensure adequate ventilation.

Avoid skin and eye contact.

Danger of slipping on leaked/spilled product.

Measures for environmental protection:

Do not allow to enter drainage system, surface or ground water.

Dilute with much water.

Prevent material from reaching sewage suystem, holes and cellars.

Measures for cleaning/collecting:

Ensure adequate ventilation.

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Send for recovery or disposal in suitable containers.

Dispose of the material collected according to regulations.

7. Handling and storage

Handling

Information for safe handling:

Ensure good ventilation/exhaustion at the workplace.

Avoid contact with eyes.

Information about protection against explosions and fires: No special measures required.

Storage

Requirements to be met by storerooms and containers:

Observe all local and national regulations for storage of water polluting products.

Information about storage in one common storage facility: Store away from foodstuffs.

Further information about storage conditions:

Store in cool, dry conditions in well sealed containers.

Store container in a well ventilated position.

Keep container tightly sealed.

8. Exposure controls / personal protection

National Exposure Standards

No exposure standard has been established for this product by the Australian National Occupational Health and Safety Commission (NOHSC).

Personal protective equipment**General protective and hygienic measures**

Keep away from foodstuffs, beverages and food.

Do not eat, drink or smoke while working.

Instantly remove any contaminated garments.

Do not carry cleaning cloths impregnated with the product in trouser pockets.

Avoid contact with the eyes and skin.

Do not inhale gases / fumes / aerosols.

Wash hands during breaks and at the end of the work.

Use skin protection cream for preventive skin protection.

Breathing equipment:

If all workplace limits are observed and good ventilation is ensured, no special precautions necessary.

Protection of hands:

Protective gloves

To avoid skin problems reduce the wearing of gloves to the required minimum.

Check the permeability prior to each renewed use of the glove.

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Due to missing tests no recommendation to the glove material can be given for the product/ the preparation / the chemical mixture.

Selection the glove material on consideration of the penetration times, rates of diffusion and the degradation.

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistances of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

Protective gloves should be replaced at first signs of wear.

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection: Safety glasses recommended during refilling.

Body protection: Protective clothing should be selected specifically for the working place.

9. Physical and chemical properties

Form: Liquid
Colour: colourless
Smell: weak

Change in condition

Melting point/Melting range: Not determined

Boiling point/Boiling range: Not determined

Flash point: Not applicable

Self-inflammability: Product is not selfigniting.

Danger of explosion: Product is not explosive.

Density: 1.0 g/cm³

Solubility in / Miscibility with

Water: soluble

pH-value at 20° C: 6.0 - 7.0

10. Stability and reactivity

Thermal decomposition / conditions to be avoided:
 No decomposition if used and stored according to specifications.
Materials to be avoided: Strong oxidizing agents
Dangerous reactions No dangerous reactions known.
Dangerous products of decomposition: Nitrogen oxides (Nox)

11. Toxicological information

Acute toxicity:
Primary irritant effect:
on the skin: No irritant effect.
on the eye: No irritant effect.
Sensitization: Contains sensitising substances. May produce an allergic reaction.

12. Ecological information

Ecotoxicity
 No data available
Persistence and Degardability
 No information available on persistence/degradability for this product.
Mobility
 No information available on mobility of this products.
Environmental Fate (Exposure)
 Avoid contaminating waterways, drains and sewers.
Bioaccumulative Potential
 No information available on bioaccumulation for this product.

13. Disposal considerations

Product:
Recommendation Disposal must be made according to official regulations.
European waste catalogue:
 Waste disposal key numbers from EWC have to be assigned depending on origin and processing.
Uncleaned packagings:
Recommendation: Disposal must be made according to official regulations.
Recommended cleaning agent: Water, if necessary with cleaning agent.

14. Transportation information

Land transport ADG:
 ADG Class: n/a
Maritime transport IMDG-Code:
 IMDG Class: n/a
Air transport ICAO-TI and IATA-DGR:
 ICAO/IATA Class: n/a
Transport/Additional information: Not dangerous according to the above specifications.

15. Regulatory information

Poisons Schedule
 Not a scheduled poison (Standard for the Uniform Scheduling of Drugs and Poisons No. 23)

16. Other information

These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Relevant R-phrases:

The(se) R-phrase(s) are those of the ingredient(s) and do(es) not necessarily represent the classification of the preparation.

36/38 Irritating to eyes and skin.
